kitSCHinĂu gRaFFITi – walking tour

You are invited to join us for a one hour walking tour in the city center during which you'll have the chance to discover and discuss the **kitSCHinĂu gRaFFITi** exhibition. Together we are going to debate in front of 25 selected graffiti and decide if they are kitsch or not. Don't forget to equip yourself accordingly to the specificity of the action.

The exhibition is on view until January 31, 2008 at:
